Dear Mr. Desmond:

This will introduce Mr. H. G. Koenig, a plumber
from Twin Lakes, Wis.

Mr. Koenig has invented a three-way all type of
connection for use on a C.W. & O'flow. In our
opinion this invention has a considerable amount
of merit in that it will give the plumbers, in-
stalling a Waste, lots of flexibility that they
do not now have with the conventional type of
Waste.

We have suggested to Mr. Koenig that he talk this
matter over with you to see whether he could ob-
tain patent protection.

With best regards, we are

Yours truly,

M.C.Frost/VL
